Dear Alec,

These have sat on my
desk for 3 months, awaiting the free
moment for me to copy them. Alas,
that moment clearly does not exist, so
I have brought them with me to send
to you by English registered post, which I
trust a great deal more than the
Italian.

If there are any queries, the
author of the ^{works} "The Oriels,"
to be found 90/ Hill Brow, Bickley, Kent,
in case there should be any queries.

I hope you flourish and that
you know who is not being too hazy

Yours ever

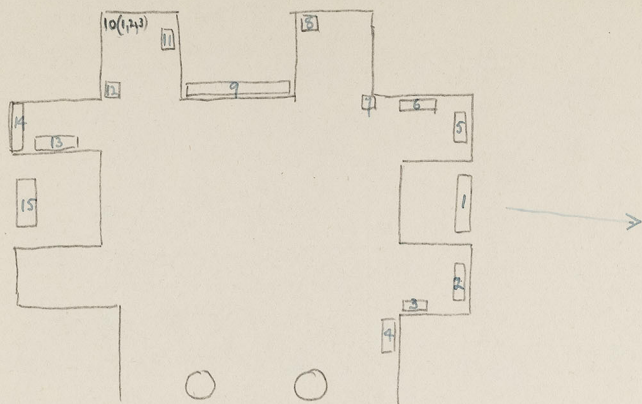

Donald Strang
