Important.

The Society, by direction of the Council, is making an effort to recover a complete series of its past Journals, and to have them bound for the Library. The following numbers are missing :—In the original series—April, July and October, 1892 ; January, April, July and October, 1893 ; and in the new series—January, 1896 (Vol. 1, No. 4), and Autumn, 1919, to Autumn, 1921, inclusive (Vols. 25 and 26). The Librarian will be very grateful if members, past and present, will be so kind as to search through their files and see if they can supply any of the missing parts. He will be glad also to hear from members who wish to borrow books at any time.
