**Plate 31 (Shot 58):** General shot of roof structure, also showing pulley to the left. Looking west

**Plate 32 (Shot 62):** General shot of sack hoist machinery on second floor. Looking north-east

**Plate 33 (Shot 54):** General shot of sack hoist machinery and staircase in the south-east corner leading down to first floor. Looking east-south-east

**Plate 34 (Shot 67):** General shot looking down the staircase to first floor. Looking south. Note internal buttressing in the angle of the two walls

**Plate 35 (Shot 64):** Second floor, looking south-south-east showing tools and fittings against south wall and voids in the floor

**Plate 36 (Shot 66):** General shot of west elevation on second floor. Looking west

## Appendix 2: Photographic Archive List

Shot No	Facing	Type	Description
01	N	Exterior	General shot of water mill and miller's lodge to the right
02	NE	Exterior	General shot of water mill and miller's lodge to the right
03	WSW	Exterior	General shot of mill race and dyke north of mill
04	N	Exterior	South elevation of the mill
05	NE	Exterior	West elevation of the mill
06	E	Exterior/detail	Detail of window on west elevation
07	S	Exterior	North elevation of the mill (north arrow points east)
08	S	Exterior/detail	North side of the water wheel
09	SE	Exterior/detail	Lower part of the metal wheel in the mill race and connection to the internal cogs
10	E	Exterior/detail	Water wheel and sluice gate
11	SW	Exterior	Footbridge over mill race to west of the wheel
12	W	Exterior	General shot of the overgrown mill race west of the wheel
13	NNW	Exterior	General shot of watercourse east of the mill pond
14	NW	Exterior	General shot of surroundings of the mill pond
15	WNW	Exterior	Mill pond and its surroundings
16	WSW	Exterior	Surroundings between mill pond and embankment
17	SW	Exterior	Embankment west of the mill race
18	SE	Exterior	Beginning of mill race
19	NE	Exterior	General shot of the mill pond
20	E	Exterior	Beginning of the mill race west of the mill
21	WNW	Exterior	East elevation of the mill
22	WNW	Exterior	East elevation and brick extension
23	N	Exterior	South elevation of brick extension
24	NW	Exterior	North elevation of brick extension
25	N	Exterior/detail	Original wooden doors with graffiti on the south elevation
26	N	Exterior/detail	W.S graffiti on western door
27	N	Exterior/detail	Graffiti on eastern door
28	S	Interior/detail	General shot of the wooden doors from inside the mill
29	W	Interior/ground floor	West elevation and wooden partitions
30	E	Interior/ground floor	East elevation and south partition of wheel and cog house
31	NW	Interior/ground floor	General shot of the interior, looking towards NW corner
32	N	Interior/ground floor	West side of north elevation with wooden partition to the right
33	N	Interior/ground floor/detail	Detail of metal sluice gate wheel
34	ENE	Interior/ground floor/detail	General shot of spur wheel
35	NE	Interior/ground floor/detail	Pit wheel and wallower
36	EN	Interior/ground floor/detail	Detail of spur wheel
37	NNE	Interior/ground floor	Displaced stone nut and ephemera
38	E	Interior/ground floor	Door and partition of cog house with graffiti
39	E	Interior/ground floor/detail	Detail of graffiti on wooden door depicting house and windmills
40	E	Interior/ground floor/detail	Detail of house graffiti
41	E	Interior/ground	Detail of windmill graffiti
