- Other earthwork or cropmark recorded on aerial photographs

Figure 3: Plan of information held by the Historic Environment Record in Lincoln, including cropmarks and earthworks mapped from aerial photographs by the Royal Commission on Historic Monuments. Prehistoric sites and findspots listed by the HER are shown in red, Roman listings in orange and listings from other periods or of unknown dates in blue; all RCHM records are marked in green. The proposed development site is coloured yellow.
Scale 1:10 000.
