

Appendix 2: HER information

HER no.	Type	Description	Parish	NGR
50467	Site	Two possible barrows, seen as cropmarks on aerial photographs. May be associated with the Washingborough barrow cemetery.	Fiskerton	TF 0456 7164
51208	Findspot	Early Neolithic to Late Bronze Age worked flints, including a barbed and tanged arrowhead and a scraper, found on top of a roddon during the cutting of a new drain in 1994.	Cherry Willingham	TF 0366 7159
52082	Findspot	Roman amphora handle	Cherry Willingham	TF 0230 7180
52848	Findspot	Fragment of Neolithic Group VI coarse stone axe, lacking butt and blade	Cherry Willingham	TF 0358 7206
52849	Findspot	Scatter of medieval pottery	Cherry Willingham	TF 0359 7228
52850	Site	A line of Bronze Age round barrows with one possible Iron Age square barrow, identified from aerial photographs and corroborated by geophysical survey within Fiskerton parish.	Fiskerton/ Cherry Willingham	TF 0390 7160
52851	Findspot	Scatter of Roman pottery found during construction work	Cherry Willingham	TF 0319 7241
52852	Site	Possible Romano-British farmstead: two pairs of ditches associated with Roman coarse pottery, a loom weight, and three late Roman coins, one of Constantius I (AD 306-337) and two of Constantius II (AD 337-361).	Cherry Willingham	TF 0360 7200
52853	Findspot	Scatter of Roman pottery (2 nd -3 rd century AD), building stone and tile.	Cherry Willingham	TF 0360 7207
52854	Cropmark	Undated cropmark trackways and enclosures seen on aerial photographs.	Cherry Willingham	TF 0360 7160
52855	Cropmark	Possible undated cropmark enclosure, seen on aerial photographs.	Cherry Willingham	TF 0225 7132

52856	Cropmark	Possible undated cropmark mound and/or ring ditch, seen on aerial photographs.	Cherry Willingham	TF 0210 7128
52859	Cropmark	Two undated parallel ditches seen as cropmarks on aerial photographs.	Cherry Willingham	TF 0170 7190
52860	Cropmark	Two cropmarks possibly representing mounds or ring-ditches	Cherry Willingham	TF 0230 7150
52861	Cropmark	Undated rectangular cropmark enclosure seen on aerial photographs.	Cherry Willingham	TF 0340 7150
52864	Site	Saxon and early medieval settlement site to the east of Cherry Willingham churchyard: a programme of archaeological works revealed evidence for inhabitation between the 5 th and 12 th centuries AD.	Cherry Willingham	TF 0328 7238
52865	Site	Site of an earlier church on the current site of Cherry Willingham parish church of St. Peter and St. Paul: present church built in 1753.	Cherry Willingham	TF 0318 7236
52866	Findspot	Small scatter of Roman pottery	Cherry Willingham	TF 0325 7245
52870	Findspot	Roman coin: 3 rd century ae of Constantine II	Fiskerton	TF 0450 7200
52877	Findspot	Late Bronze Age metalwork hoard: 4 socketed axes found in Church Piece Field in 1890. The hoard was broken up when found: up to 5 more socketed axes known to be in private collections may have come from it.	Fiskerton	TF 0487 7182
52880	Site	Putative site of a mill at Fiskerton: no standing buildings remain except for a possible mill outbuilding, now the garage of the present property.	Findspot	TF 0400 7200
52881	Earthwork	Ridge-and-furrow earthworks around Mill House, Fiskerton	Fiskerton	TF 0405 7210
52882	Findspot	Middle Bronze Age riveted bronze dirk, found while dredging the Witham	Fiskerton	TF 0470 7180
52883	Findspot	Roman skilnet (army-issue metal cooking vessel) found while dredging the Witham	Fiskerton/ Washingborough	TF 0460 7150
52889	Findspot	Early Bronze Age to Late Iron Age anthropoid-hilted dagger of an unusual type, now lost	Fiskerton/ Washingborough	TF 0470 7150
52935	Findspot	Small Neolithic stone axe of polished Tremolite Fels, found on the river bank	Cherry Willingham	TF 0370 7130

52960	Findspot	Copper halfpennies of George II and George V, with a possible German jeton.	Reepham	Not recorded
54514	Findspot	Extensive scatters of flint artefacts and worked flints, ranging from early Neolithic to late Bronze Age, found during a programme of archaeological works off Church Lane	Cherry Willingham	TF 0350 7225
54752	Site	Undated geophysical anomalies, interpreted as linear features, areas related to metalworking, and a possible enclosure or structure, perhaps of a different date from the above	Cherry Willingham	TF 0325 7245
55198	Findspot	3 sherds of Roman pottery found during an archaeological watching brief	Cherry Willingham	TF 0326 7236
55199	Site	Undated ditches and pits exposed during an archaeological watching brief	Cherry Willingham	TF 0330 7232
55295	Findspot/ Site	2 distinct scatters of late Mesolithic-early Neolithic worked flints found during fieldwalking around the Fiskerton causeway, with a smaller concentration south of the village and a thin spread to south and south-west of the village, indicating foci of activity during this period. Likely to be associated with sporadic or seasonal activity rather than regular habitation.	Fiskerton	TF 04566 71614
55296	Findspot	Scatter of late Neolithic-early Bronze Age worked flint, possibly associated with the Washingborough barrow cemetery, found during fieldwalking.	Fiskerton	TF 03871 71857
60327	Site	Washingborough Fen Barrow Cemetery: approximately 30 Bronze Age round barrows dispersed across a large area of Washingborough Fen.	Washingborough	TF 0520 7050
60461	Findspot	Two early Neolithic-late Bronze Age flint artefacts – a polished axe and a flat discoidal knife – found in a field north of Washingborough village.	Washingborough	TF 0378 7086
60612	Findspot/ Site	Late Bronze Age-early Iron Age artefacts, including pottery, worked wood and an antler bridle cheekpiece, with animal and human bone, found while recutting the South Delph in 1972 and during a subsequent archaeological excavation.	Washingborough	TF 0423 7138
60613	Findspot	Mesolithic worked flints, found in 1972 near Washingborough pumping station.	Washingborough	TF 041 714
60614	Findspot	4 early Neolithic-late Bronze Age worked flints found during fieldwalking	Washingborough	TF 0435 7090
60714	Site	Course of the Car Dyke Roman canal	Washingborough	TF 0203 7084- TF 0417 7055

60826	Findspot	3 Early Neolithic-Late Bronze Age worked flints found during fieldwalking.	Washingborough	TF 045 713
61287	Findspot	Base of a medieval baluster jug, found while dredging the Longstongs Delph.	Washingborough	TF 025 710
61288	Findspot	Neck of a Roman flagon, found while dredging the Longstongs Delph.	Washingborough	TF 025 710
61295	Findspot	3 late Bronze Age leaf-shaped swords, found during the construction of the railway in c. 1848.	Washingborough	TF 0230 7090
61322	Findspot	Sherd of Bronze Age/iron Age pottery found during fieldwalking.	Washingborough	TF 0415 7115
61323	Findspot	3 early Neolithic-late Bronze Age worked flints found during fieldwalking	Washingborough	TF 0288 7084
61329	Findspot	6 early Neolithic-late Bronze Age worked flints found during fieldwalking	Washingborough	TF 0275 7080
61339	Findspot	Possible Iron Age pottery found during fieldwalking	Washingborough	TF 0450 7200
61341	Findspot	Early Neolithic-late Bronze Age worked flint found during fieldwalking	Washingborough	TF 0320 7080
61342	Findspot	Possible Saxon pottery sherd found during fieldwalking	Washingborough	TF 0435 7120
61343	Findspot	18 early Neolithic-late Bronze Age worked flints, including a blade and a scraper, found during fieldwalking.	Washingborough	TF 0480 7120
61344	Findspot	Sherd of late Bronze Age/early Iron Age pottery found during fieldwalking	Washingborough	TF 0480 7120
61383	Findspot	2 sherds of Roman pottery found during fieldwalking	Washingborough	TF 0435 7090
61384	Findspot	1 sherd of Roman pottery found during fieldwalking	Washingborough	TF 0480 7120
61386	Findspot	3 sherds of Roman pottery found during fieldwalking	Washingborough	TF 045 713
62548	Findspot	Middle Bronze Age potsherd found during fieldwalking	Washingborough	TF 049 714
63186	Findspot	Large assemblage of medieval pottery, with associated tile fragments that may also be medieval, found during fieldwalking	Washingborough	TF 0275 7080
