

Appendix 1: Colour Plates

Plate 1 (right): General shot of the site taken in February, 2006, looking north-east from the contractors' compound. The trees to the right of the shot mark the line of the High Dyke (Roman Ermine Street).

Plate 2 (left): Machining house plot E56, looking north-east across the completed footings of house plot E55 towards the route of the High Dyke.

Plate 3 (right): Excavating a system of soakaways on the east side of house plots E29 and E30, looking south, showing the transition from natural clay and sand deposits to limestone brash solid geology.
