Project details

| | |
|--|--|
| Project name | Former Haven Cinema, Boston |
| Short description of the project | Archaeological monitoring and recording was undertaken during groundworks prior to residential development. The investigation within the footprint of the development identified modern building foundations and make-up layers associated with the former cinema to the maximum dig depth. Monitoring of associated drainage trenches also recorded no significant archaeological features or deposits. |
| Project dates | Start: 30-03-2010 End: 01-03-2011 |
