KEY		
	Earthwork	
PROBABLE ARCHAEOLOGY		
	Positive linear anomaly related to known earthwork	
	Positive anomaly / weak positive anomaly - probable cut feature of archaeological origin	
	Negative anomaly / weak negative anomaly - probable bank or earthwork of archaeological origin	
	Strong magnetic debris related to a former pond present on available mapping pre-1900	
	Linear area of scattered magnetic debris - former field boundary present on available mapping pre-1900	
	Widely spaced curving parallel linear anomalies - probably related to ridge-and-furrow	
POSSIBLE ARCHAEOLOGY		
	Positive anomaly / weak positive anomaly - possible cut feature of archaeological origin	
	Negative anomaly / weak negative anomaly - possible bank or earthwork of archaeological origin	
OTHER ANOMALIES		
	Closely spaced parallel linear anomalies - probably related to agricultural activity such as ploughing	
	Linear anomaly - probably related to pipe, cable or other modern service	
	Linear anomaly - possibly related to land drain	
	Linear anomaly related to a former field boundary present on available mapping in 1970	
	Magnetic disturbance associated with former building present on available mapping in 1970	
	Magnetic disturbance associated with nearby metal object such as service or field boundary	
	Scattered magnetic debris	
	Strong magnetic debris - possible disturbed or made ground	
	Magnetic spike- fenced tree	
	Magnetic spike - probable ferrous object
