PROBABLE ARCHAEOLOGY		
		Positive anomaly / weak positive anomaly - probable cut feature of archaeological origin
		Negative anomaly / weak negative anomaly - probable bank or earthwork of archaeological origin
POSSIBLE ARCHAEOLOGY		
		Positive anomaly / weak positive anomaly - possible cut feature of archaeological origin
		Negative anomaly / weak negative anomaly - possible bank or earthwork of archaeological origin
MEDIEVAL/POST-MEDIEVAL AGRICULTURE		
		Widely spaced curving parallel linear anomalies - probably related to ridge-and-furrow
		Closely spaced parallel linear anomalies - probably related to agricultural activity such as ploughing
		Linear anomaly - related to former trackway present on available mapping
		Linear anomaly - related to a former field boundary present on available mapping
OTHER ANOMALIES		
		Linear anomaly - probably related to pipe, cable or other modern service
		Linear anomaly - likely to be of modern origin, possibly related to footpath
		Magnetic disturbance associated with nearby metal object such as service or field boundary
		Strong magnetic debris - uncertain origin, likely modern
		Scattered magnetic debris
		Area of amorphous magnetic variation - probable natural (e.g. geological or pedological) origin
		Magnetic spike - probable ferrous object
