Ardentraive Hydro-electric Scheme

Walk-over survey

John Lewis – Scotia Archaeology

NS 03874 75591 to NS 03320 74650 A walk-over survey was carried out on 1 November 2013 along the route of a proposed new hydro-electric scheme alongside the Milton Burn near Colintrave on the Kyles of Bute. The only previously unrecorded feature of interest comprised the scant remains of an earth and stone bank which ran eastwards for some 20m from NS 03713 75347.
