

## **ARGYLL & BUTE**

### **Kilfinichen and Kilvickeon parish**

#### **Temporary generator site**

##### *Watching brief*

*John Lewis – Scotia Archaeology*

NM 28490 22390 A watching brief was kept on 24 April 2014 during the excavation of an area measuring 20m by 11-17.5m to accommodate a temporary generator near Martyr's Bay near the E coast of Iona. On 7 May 2014 three pole trenches were dug at NM 28485 23916, NM 28441 23946 and 28389 23974 for a new overhead line linking the generator to an existing power line. Nothing of archaeological significance was found in any of the trenches.
