Watching brief

John Lewis – Scotia Archaeology

NR 70851 48366 to NR 70835 48340 A watching brief was kept on 9 September 2015 during the excavation of a 33m-long earth wire trench from a pole on an overhead power line at Rhunahaorine, near Tayinloan, Kintyre. The trench was located very near the remains of Old Largie Castle (NR74NW 6) and those of a post-medieval farmstead that overlies it. Nothing of archaeological significance was encountered in the trench.
