*John Lewis – Scotia Archaeology*

NO 32785 73180 A watching brief was kept on 6th September 2010 during topsoil-stripping within an area, 8m square, to accommodate a power house for a new hydro-electric scheme to the north of the Clova Hotel, Glen Clova. Although the site was located very close to two burnt mounds (NO37SW 60), nothing of archaeological significance was uncovered in the trench.
