Introduction

This is a bibliography of reports on environmental archaeology work carried out by Worcestershire Archaeology (grey literature and published reports). Former service names are Worcestershire Historic Environment and Archaeology Service (Nov 2004 to March 2011), Worcestershire County Archaeological Service (1997 to November 2004) and Hereford and Worcester Archaeology Service (up to 1997).

For some reports which contain more than one category of environmental remains, the categories of environmental report are included in brackets after the reference.
